

The Nebulous Area of Transformation 25" x 71"

Noted Artist Mary Black Exhibits At Gary Farrell Winery

Gary Farrell Winery enthusiastically announces that noted encaustic artist Mary Black, MFA, will be exhibiting her abstracted encaustic paintings from February 2 through March 1, 2009 at the winery, 10701 Westside Road, Healdsburg.

Her work has been exhibited nationally, including solo shows in Santa Fe, New York, and Healdsburg. "It's a perfect pairing," said Gary Archer, General Manager of Gary Farrell Winery, "Mary's beautiful expressions are beautifully displayed in the stylish, yet contemporary Gary Farrell Tasting Room. We invite you to view these stunning pieces of art while enjoying our exquisite Russian River Valley wines. Both have a local and national following."

Encaustic paintings are created using a blend of wax, pigment and damar resin, that is heated and fused. Black works out of her studio surrounded by Chardonnay vineyards in the Russian River Appellation of Sonoma County. Her works appear in many publications and can be found in collections across the country.

Gary Farrell Vineyards & Winery

Located in the heart of Russian River Valley, Gary Farrell Vineyards & Winery is a boutique winery known for producing extremely small-lot Pinot Noir and Chardonnay. Winemaker Susan Reed now carries on the high standards of artisan winemaking that has given Gary Farrell Vineyards and Winery its fame and reputation. For more information, please visit: www.garyfarrellwines.com.
